THE BASIC REQUISITE TO HAPPINESS IS CLEAN WATER!

Everybody knows that drinking plenty of water is good for health.
However, tap water seems not clean enough and bottled water is expensive.
You don't have to worry about all this if you have Coway's water filtration device.
Enjoy cleaner water as much as you want with Coway's water filtration device.
The cleaner the water you drink, the happier and healthier your family will be!

A WATER FILTRATION DEVICE FOCUSED ON BASIC FUNCTIONS!

Excluding unnecessary functions hardly used by consumers, we kept the priority
on the basic functions of water purifiers for those who only want water filtration functions.

NON-ELECTRICAL WATER FILTRATION SYSTEM(P-07QL)

Since it doesn't use electric power,
it is safe and no electric charge is needed.

CONSISTENT WATER PRESSURE (P-07QR)

Consistent water pressure protects
the inside of the water filtration device
which otherwise could be broken
by high water pressure.

SLIDING LEVER & CONTINUOUS PURIFICATION

Continuous purification is
possible by simply pushing
the dispenser lever and
pulling down the lock up lever.

ANTI-BACTERIAL SYSTEM INSIDE THE WATER TANK

Ceramic filter controls the
proliferation of microorganisms.

ELEGANT DESIGN AND COLOR

Simple white color and
elegant design make
the product look better.

A water filtration device customized for you

You can set the water pressure and the electricity consumption that suit your lifestyle.

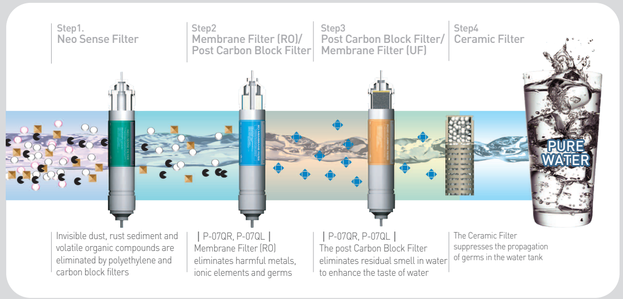
P-07QR **FOR LOW WATER PRESSURE AREA**

A noiseless pump makes it quiet and a membrane filter helps eliminate toxic substances such as bacteria and harmful metals.

FOR POWER SAVING P-07QL

The pump-free, power-saving membrane filter simply eliminates harmful metals and ionic elements through water pressure

The basic requirement for a healthy life-
Your healthy life starts with drinking clean water.



Step1.
Neo Sense Filter
Step2
Membrane Filter (RO)/
Post Carbon Block Filter
Step3
Post Carbon Block Filter/
Membrane Filter (UF)
Step4
Ceramic Filter
PURE WATER
Invisible dust, rust sediment and volatile organic compounds are eliminated by polyethylene and carbon block filters
P-07QR, P-07QL
Membrane Filter (RO) eliminates harmful metals, ionic elements and germs
P-07QR, P-07QL
The post Carbon Block Filter eliminates residual smell in water to enhance the taste of water
The Ceramic Filter suppresses the propagation of germs in the water tank

Moss, Sand, Deposits
Sediments Large Particles

Microorganism

Microbe

Heavy Metals
(Ca, Mg, Na, Si, K, Pb, Hg, Cr6+, AS, Cd,Se, Mn, Fe, Al, Zn, Cu & etc)

VOCs, THMs
Pesticides Detergents
